# Coach's Comments

“ It was pretty exciting last weekend to put in our first 4 point weekend, especially with a win at Fife which is never easy when you consider all day travel to get there. The one thing we did at Fife that we didn't do in the home win over Coventry was take good care of a lead. In Scotland we were able to defend much better when the pressure was on, and did a good job of penalty killing in situations where we really couldn't give up a goal, especially in the 3rd at Fife when they were a shot away from pulling even. Putting results aside, because you are going to win some, lose some, the thing we are seeing is a good level of commitment from the entire team to the concept of coming mentally and physically ready to play on a vast majority of nights. That is something we believed would be the case when we were looking at players during the recruitment season, but it is a great relief to live it from night to night. These players deserve a lot of credit for their level of competitiveness. In terms of the wins, you don't get time to really celebrate much in this league because you know before even looking at who is next that you are going to be facing some good clubs, and this weekend is certainly no exception with a visit to Cardiff before getting back home against Milton Keynes, both games in Cup action. We look forward to sharing the weekend with you. ”
