Coach's Comments

As we close out our first month as an Elite member, there has certainly been no shortage of excitement, and last weekend it was pretty exciting to score really late both nights and force overtime. We didn't get the extra point in either game but one thing this team does not seem willing to do is just roll over and look ahead to the next game. When we were going after players in the off season that was very important to us in terms of the types of personalities we put in our uniform. Winning games is always going to be difficult in this league from night to night, but if you get guys willing to lay it all out there on most nights, you have a chance to win. Even on nights when that doesn't work out, at least you leave the building knowing you didn't short yourself or your teammates any bit of effort to make it happen. This dressing room is full of competitors and there is a lot of promise moving forward. This week we get a bit of a boost with the arrival of Brett Ferguson who should be available to play from Saturday. If his attitude to the team is anything like the rest of this group, and we understand that it is, he will be a big bonus to the room, and to our talent pool on the ice.

We have certainly enjoyed the early part of our participation in the league. We look forward to sharing this weekend with you when we visit Milton Keynes in Challenge Cup action before returning home Sunday night for Braehead Clan's first ever visit to Spectrum.
