# Coach's Comments

“ It has been a long time, far too long, since Coventry Blaze stopped at Spectrum. They were one of our great rival clubs down South for many years in the old British National League, and we are looking forward to the excitement of trying to start that up again. Last weekend we closed things off well with a win over Braehead. We had a bit of a let down when they scored a run of goals in about a minute, but thankfully we had the kind of lead to absorb that. We can't do that very often and get away with it, especially in this league where wins are very difficult to secure, so it was a relief to get off the ice with a result. We felt that on Saturday we could have been in with points at Milton Keynes also. It just didn't work out that way for us, but you certainly couldn't fault the effort or the overall performance.

There have been some roster adjustments with the Sam Godfrey move and the addition of Chris Carrozzi in net. It was a difficult decision with Sam because there was nothing he did to prompt the move. We never gave him an opportunity to play. At this stage, we don't feel he is going to get that opportunity with us so for his own development it is not in his interests to remain here. With the injury to Brian Stewart, we have gone out to get an additional netminder. We can't run for long with just Mike Will as our only available experienced senior guy back there so it is good to have moved our depth back to a comfortable situation.

We look forward to a great weekend ahead with Blaze visiting Saturday and a bit of team bonding time with a rather long road trip to Fife Flyers on Sunday, another former BNL club. ”
